

3 March 2021

Notice to Members

COVID 19 Regulation for the coming two weeks.

Dear Members,

We were informed yesterday, and it has been confirmed today that regulations now in place are to be carried out for another 2 weeks until 17<sup>th</sup> March.

Only one extra regulation for us to follow, is to separate table clearing tasks from taking orders and delivering food.

You will therefore see staff in a different uniform from Thursday onward, they will be the one exclusively in charge of clearing and disinfecting tables in between usage.

It also appears that racing will restart this weekend, of course with all the reminders of social gathering and distancing rules.

The Government really put pressure on us to enforce the usage of the “Leave Home Safe” Application or to make sure that you enter the details of your visit in the registration book at the entrance. Please be kind to our staff when they remind you that procedure must be done.

Please refer to the facilities opening poster and if you need more information contact me on 2552 8182 or visit the latest government website information below:
